

# Face of the Moon

## Violet Road

Down, down, we're looking for hereafter  
The undisputed dance around the pine  
Higher, than ever we had seen  
Wherever we had been  
In days that were  
Like silence before the rain  
We're coming again

Oh she's searching for water on the face of the moon  
But I'm here I'm here by the ocean

Let her remember where she came from  
And how she were before, mm  
The city is drinking to forget her  
And laying all its grief  
Beside the road

Oh we're searching for water on the face of the moon  
But I'm here I'm here by the ocean

Like echoes of songs unsung  
We did all wrong  
oh we're.
