

Love You Most of All

Sam Cooke

Your my girl, you're so sweet
Honey you can't be beat
I love you, I love you
Most of all I believe you can rock you can roll
You're so fine
Honey, you're mine, all mine
That's why I love you
I love you most of all
Too doo doo doo, too doo doo doo Well, I love the way you move me
When you walk
I love the way you thrill me
When you talk
And ooo, baby when you hold my hand
Tell me pretty baby that you understand When we walk down the street
All the fellows go "Woo wee"
That's why I love you
I love you most of all
Too doo doo doo, too doo doo doo I love you, I love you most of all Well and let me tell you honey
You're my girl, you're just so sweet
Honey you can't be beat
I love you, I love you most of all Well and I believe you can rock you can roll
You're so fine
Honey you're mine, all mine
That's why I love you
I love you most of all Well, I love the way you move me
When you walk
I love the way you thrill me
When you talk
And ooo, baby when you hold my hand
Tell me pretty baby that you understand When we walk down the street
All the fellows go "Woo wee"
That's why I love you
I love you most of all
Too doo doo doo, too doo doo doo
(You all)
