No Other Way

Jeezy

Yeah I'm street smart nigga, plus my heart as tough as penitentiary bars nigga
You gon' boss or you gon' fold nigga. I don't give a fuck no more'Cause there ain't no other way
Just know I'm standing taller than I ever stood
For every real nigga off in every hood
'Cause there ain't no other way
When the pressure on I hustle hard
Talkin' money longer than a mall
'Cause there ain't no other way
You pussy niggas plotting on my downfall
Pussy niggas know how I get down dog
'Cause there ain't no other way
Won't lose, rather die, won't quit rather try roll something
'Cause there ain't no other wayFuck all y'all monkey niggas, y'all sweat from my fuckin' balls
Just know I'll leave this bitch and go straight to go fuck ya broad
That boy reincarnated he came back too hard
He hungry as a muthafucka, you think them folks took his black card
Nigga it's back to the basics like they gone repo my shit
Me and Pinkney on Papa Street, we was broke as a bitch
Know you vultures you're waiting, back focused you're hating
It must be something in this weed, I feel rejuvenated
If he keep speaking on me than he can't be my homie
Listen to gossip 'bout real niggas that make you a phony
Talkin' birdies no wings, 8 ball and a dream
If anything I owe Goldmouf he took one for the team'Cause there ain't no other way
Just know I'm standing taller than I ever stood
For every real nigga off in every hood
'Cause there ain't no other way
When the pressure on I hustle hard
Talkin' money longer than a mall
'Cause there ain't no other way
You pussy niggas plotting on my downfall
Pussy niggas know how I get down dog
'Cause there ain't no other way
Won't lose, rather die, won't quit rather try roll something
'Cause there ain't no other wayI refuse to lose I paid my dues Jizzle lost it April Fools
Never bite the hand that feed you, put you down you know the rules
You niggas ain't got a hustling bone in your body
Penthouse mind state while you talkin' 'bout to lobby
Why my name all on your lips, while that ana in your heart

Keep on playing with me pussy beat yo ass so help me God
If I know one thing I know you ain't to be trusted
If you know anything, you know I ain't to be fucked with
I got real shit goin' on, bill shit goin' on
My hustlin' is terrific and my grinding is exquisite
I'm talking birdies no wings, 8 ball and a dream
If anything I owe Mailman he took one for the team'Cause there ain't no other way
Just know I'm standing taller than I ever stood
For every real nigga off in every hood
'Cause there ain't no other way
When the pressure on I hustle hard
Talkin' money longer than a mall
'Cause there ain't no other way
You pussy niggas plotting on my downfall
Pussy niggas know how I get down dog
'Cause there ain't no other way
Won't lose, rather die, won't quit rather try roll something
'Cause there ain't no other way
