# Endlessly

## Merveilleuse

Tell me why you fight
Up in the open sky
I only hope you know
How hard it is letting go
And I will pray for you and me
That our love lives on endlessly
Through all of time we will endure
We are earth and sea, endlessly
Will you walk with me
Through valleys crossing rivers deep?
Then hand in hand
We will be, oh yeah yeah
And I will pray for you and me
That our love lives on endlessly
Through all of time we will endure
We are earth and sea, endlessly
So remember if ever you're wanting to hide
Don't you know what you're feeling
I'm feeling inside
Oh yeah, don't forget our dreams
It lives on endlessly
I will pray for you
And you will pray for me
Endlessly
So remember if ever you're wanting to hide
Don't you know what you're feeling, I'm feeling inside
We are earth and sea
Endlessly, endlessly
