

My Love

Nat "King" Cole

The moon comes out and the sun goes down
Everything in love goes round and round
But my love goes on and on, my love goes on and on
Nothing in the world can change my love for you Like the cat told the bird on the window sill
I'll be lovin' you from now until
My love goes on and on, my love goes on and on
Nothing' in the world can change my love for you You keep my heart jumpin' a flip-flop
You keep me feelin' a tip-top
When everything else is long gone
My love will still be goin' strong You make me mad for a little while
But I get so glad when I see you smile
My love goes on and on, my love goes on and on
Nothin' in the world can change my love for you My love goes on and on, my love goes on and on You keep my
heart jumpin' a flip-flop
You keep me feelin' a tip-top
When everything else is long gone
My love will still be goin' strong You make me mad for a little while
But I get so glad when I see you smile
My love a goes on and on, my love a goes on and on
Nothin' in the world can change my love for you
Nothin' in the world a can change my love for you, my love
