

# Blue Star

## Seapony

You  
You sat by me  
we sat down  
by the sea  
I never want to have fun  
I never want to have fun  
I never want to have fun  
...again  
When  
I came home  
you were gone  
I'm all alone  
I never want to have fun  
I never want to have fun  
I never want to have fun  
...again  
Now  
Everyday  
In the cold  
in the rain  
I never want to have fun  
I never want to have fun  
I never want to have fun  
...again
