

# All She Wants (gone Tomorrow)

Laza Morgan

She come from a small town  
That little girl all grown up now  
She dream of a better day  
So she run away run away  
Her mama said slow down  
Keep ya head don't be a fool now  
But she wait till it get late  
Just to run away run away  
She think about makin that money  
No stopping her na na na na na  
She just wanna be somebody  
Can't blame a girl na na na na

And I...I wish I could change her life  
And all she really wants is  
All that she wants the money and fame yeah  
She's gone tomorrow  
Said all that she wants the money and the fame yeah yeah

All that he wants the money and the fame yeah  
He's gone tomorrow  
Said all that he wants the money and the fame yeah  
He search for success and a pension  
But he got no job no education (non of that)  
And for him this is life  
Trying to survive  
Baby on the way trying hard to provide  
He thinkin bout making that money  
No stopping him na na na na na  
He just wanna be somebody  
Can't blame a boy na na na na

And I...I wish I could change his life  
But all he really wants is  
All that he wants the money and the fame yeah  
He's gone tomorrow  
Said all that he wants the money and the fame yeah yeah  
All that she wants the money and the fame yeah  
She's gone tomorrow

Said all that she wants the money and the fame yeah  
Doing what me gotta do for the dolla dolla dolla dolla yeah  
Gotta stay pon di grind for the dolla dolla dolla dolla yeah  
Everyday I'm on the grind for the dolla dolla dolla dolla yeah  
Doing what me have fi do for the dolla dolla dolla dolla yeah  
All that she wants the money and the fame yeah  
She's gone tomorrow

He's gone tomorrow  
Said all that he wants the money and the fame yeah yeah
