

Call Me Mellow (Live Parc Des Princes 18062006)

Tears for Fears

Fill the sky with love
Fill the sky with love I wouldn't mind but she just turned up on the doorstep
Wishful and ashen, slightly bedraggled
Last time I saw her, she was howling at the moon
Roaming the forest, lupine and rabid Oh, is she wild?
Does she see my inner child? But then she knows it's like a curse
To find the chosen roles reversed
To unify my universe
To call me mellow If only I was half my age and she was older
We'd live on ice-cream on Coney island
I know it's gravity that drags down my balloon
She stays in orbit way after midnight Oh, slip and slide
Does she go on to Elide? But then she knows it's like a curse
To find the chosen roles reversed
To unify my universe
To call me mellow She'll dress down for us
She'll break new grounds for us
Watching me crackin' up She'll hang 'round fellows
With all the ground swellers
Driving me like a truck But then she knows it's like a curse
To find the chosen roles reversed
To unify my universe
To call me mellow But then she knows it's like a curse
To find the chosen roles reversed
To unify my universe
To call me mellow Fill the sky with love, fill the sky with love
Fill the sky with love, fill the sky with love
Fill the sky with love, fill the sky with love
