

# Heart Surgery (UvEv Remix)

Jeffree Star

I don't think  
I don't think you're ready for this...  
Here we go...

Pink diamonds shining  
Fuchsia lust  
Heart-shaped bruises  
For both of us

You see me watching  
The lights are low  
Your body's waiting  
You can't say no

[Pre chorus:] [x2]  
Let me show you how it works...  
(Lets get out of here)  
Let me show you how it works, I like it hard...

[CHORUS:]  
Come on... Let's get out of here  
I wanna take your hand and disappear  
Come on... Let's get out of here  
I whisper in your ear... "I wanna..."

You like it fast...  
I like it hard  
You like it fast  
I like it hard  
You like it fast  
I like it hard  
Fag!  
Bitch!

Mirrors are breaking  
Vanity crush  
Perfection climbing  
All eyes on us

We both stop breathing

The music fades  
Hands start touching  
Don't be afraid...

[Pre chorus] [x2]  
Let me show you how it works...  
(Lets get out of here)  
Let me show you how it works, I like it hard...

[CHORUS]  
Come on... Let's get out of here  
I wanna take your hand and disappear  
Come on... Let's get out of here  
I whisper in your ear... "I wanna..."

You like it fast...  
I like it hard  
You like it fast  
I like it hard  
You like it fast  
I like it hard  
You like it fast  
I like it [scream] hard

You like it fast...  
I like it hard  
You like it fast  
I like it hard  
You like it fast  
I like it hard  
You like it fast  
I like it hard

[Pre chorus] [x2]  
Let me show you how it works...  
(Lets get out of here)  
Let me show you how it works, I like it hard...

[CHORUS]  
Come on... Let's get out of here  
I wanna take your hand and disappear  
Come on... Let's get out of here  
I whisper in your ear... "I wanna..."

Uh... I Like It Hard... Uh... I Like It Hard... Uhhh
