

# Over It

## Bullet for My Valentine

After all this time  
You still couldn't recognise  
That your problem lies within  
In a vicious circle Can you tell me why...  
Why you've thrown it all away  
Cos it makes no sense to me  
Why you wouldn't listen I know it hurts  
Tried to help to ease your pain  
I know these words  
They won't mean anything  
I hope it hurts  
You've only got yourself to blame  
And I can't take this anymore  
I'm over it  
So over it  
Watching you decline  
What were you expecting  
I can't save you from yourself  
When you don't want saving  
It's on your head  
Don't point the finger point the blame  
Cos the warning signs were clear  
You just wouldn't listen I know it hurts  
Tried to help to ease your pain  
I know these words  
They won't mean anything  
I hope it hurts  
You've only got yourself to blame  
And I can't take this anymore  
I'm over it  
So over it  
Breathe in breathe out  
I feel it coming round again  
Breathe in breathe out  
Don't wanna ride your carousel  
Breathe in breathe out  
Don't know how much more I can take  
Breathe in breathe out  
Just stop cos I'm about to break I know it hurts

Tried to help to ease your pain  
I know these words  
They won't mean anything  
I hope it hurts  
You've only got yourself to blame  
And I can't take this anymore  
I'm over it  
So over it I know it hurts  
(I know it hurts) tried to help to ease your pain  
I know these words  
(I know these words) they won't mean anything  
I hope it hurts  
(I hope it hurts) You've only got yourself to blame  
And I can't take this anymore...  
Anymore  
I'm over it  
So over it  
I'm over it  
So over it  
I'm over it
