

# Streetcorner Symphony

Rob Thomas

It's morning, I wake up  
The taste of summer sweetness on my mind  
It's a clear day in this city  
Let's go dance under the street lights  
All the people in this world let's come together  
More than ever, I can feel it, can you feel it? Come on over, down to the corner  
My sisters and my brothers of every different color  
Don't you feel that sunshine? Telling you to hold tight  
Things will be alright, try to find a better life Come on over, down to the corner  
My sisters and my brothers, there for one another  
Won't ya come on over?  
Man, I know you wanna let yourself go Some people, it's a pity  
They go all their lives and never know  
How to love or to let love go  
But it's alright now, we'll make it through this somehow  
And we'll paint the perfect picture  
All the colors of this world will run together  
More than ever, I can feel it, can you feel it? Come on over, down to the corner  
My sisters and my brothers of every different color  
Don't you feel that sunshine? Telling you to hold tight  
Things will be alright, try to find a better life Come on over, down to the corner  
My sisters and my brothers there for one another  
Won't ya come on over?  
Man, I know you wanna let yourself go  
Let yourself go We may never find our reason to shine  
But here and now this is our time  
And I may never find the meaning of life  
But for this moment I am fine So come on over, down to the corner  
My sisters and my brothers of every different color  
Don't you feel that sunshine? Telling you to hold tight  
Things will be alright, try to find a better life Come on over, down to the corner  
We can leave it all behind  
Never been a better time, come on over  
Man, I know you wanna let yourself go On and on and on and on and on  
Yeah, we're going on and on and on and on and on and on  
Yeah, we're going on and on and on and on and on and on  
On and on and on and on and on and on
