Eucalyptus

The Presets

All the tales you've been tellin' from the start
Said 'em loud but I never believed 'em
I wore an old band of black around my heart
I wore it proud but it never relieved meSuddenly I got everything I want
Yeah once again we can see the big picture
Its gonna take all the good in all of us
To tear away all the damage you did here.And I recall, if I remember
The scent of eucalyptus oil
Its like a dream
But I remember it well
We'll send you off in a rotten leaky boat
With all the lies you could never deliver
You'll float away and we'll never forget
We'll never trust and we'll never forgive ya.And I recall, if I remember
The scent of eucalyptus oil
Its like a dream
But I remember it wellThe saddest times and the worst times suited you well. x4The dispossessed and the poor times suited you well. x2Yeah all the pain and the hard times suited you well.Yeah all the fear and the hate crimes suited you well.The overboard and the downtrodden suited you well.
The dispossessed and the poor times suited you well.The devastated and the foul-mouthed suited you well.The saddest times and the worst time suited you well.The saddest!
