

Some Kind of Blues

Bad Bones

Oh no, she comes again
The snake in the garden
Gimme something
Something to drink
I know it's gonna be a long long night

Life ain't easy
Down on the street
The love you deliver
Now is a clenched fist

Ain't no hope in what you say
Ain't no chance to turn the page
Ain't a place to dream a better world
Ain't no tears of joy in the sun light
Always living in the shadows of blues
Some kind of blues

Life ain't easy
Down on the street
The love you deliver
Now is a clenched fist

Ain't no hope in what you say
Ain't no chance to turn the page
Ain't a place to dream a better world
Ain't no tears of joy in the sun light
Always living in the shadows of blues
Some kind of blues
