Soul Mover

Glenn Hughes

I guess you heard the news today
There's a rumble goin' down
I just got back from Monterey
There was music all aroundAnd you may never see my face
But I help the weak and strong
'Cause I don't have no resting place
And I've been here all alongWon't you let me say?
There's no hideaway
Can you hear me?
Do you understand?I'm a soul mover
Comin' down to get your love
I'm a soul mover
Elevated from aboveI socialize with debutantes
All the beggars and the thieves
You know you might have met me once
'Cause I gave and you receivedWon't you let me say?
There's no hideaway
Can you hear me?
Do you understand?I'm a soul mover
Comin' down to get your love
I'm a soul mover
Elevated from aboveCan you hear me?
Soul
Can you tell me what I do, yo
Hey, heyWon't you let me say?
There's no hideaway
Can you hear me?
Do you understand?I'm a soul mover
Comin' down to get your love
I'm a soul mover
Elevated from aboveI'm a soul mover
Comin' down to get your love
I'm a soul mover
Elevated from aboveI'm a soul mover
Yeah, soul mover
I said, "I'm a soul, yo, soul mover"
Get on, get onI'm a soul mover
I'm comin' down, I'm comin' down
I'm comin' down to get your love, baby

I'm elevated to get your love
