

The Outsiders (Instrumental)

Doves

Can he be lost
Can he become
Walk away
Don't jump a gun
Can it cost
Think it through
Making your own way
Making your own rules
Don't believe
What they say
Can he be cool in here
Can he become Just the two of us
Making fools of us
Just the two of us
On our feet again
Kicking our heels again Just the two of us
Nothing to lose
So nothing gets lost
Imagine the truth
Imagine the cost
Too much choice
You've no choice at all
In our universe Just the two of us
Just the two of us
Just the two of us
Making fools of us
Making fools of us
One our feet again
Kicking our heels again
Two of us
