

All The Way

Busted

It happens every time, you've given me the sign
We start to get it on but then you stop me
You know I've had it up to here, you need to be more clear
?Cause you're the one that led me here so take me
?Cause you said that you would but then you changed your mind
How could you do this to me? It's just so unkind
And it's cruel if you say that you'll go all the way
I can't wait for the day that you don't change your mind
You've got to understand, things are getting out of hand
You can?t just leave me sitting here unseen to
You know I don?t know what to do or how long to wait for you
You said, you needed time so I won't rush you
?Cause you said that you would but then you changed your mind
How could you do this to me? It's just so unkind
And it's cruel if you say that you'll go all the way
I can't wait for the day that you don't change your mind
That you don't change your mind
I'll never let you down, I'll always be around
When you need someone to catch you when you fall down
I'm waiting here for you if you decide you want to
If you want me to stay then I'm only a phone call away
?Cause you said that you would but then you changed your mind
How could you do this to me? It's just so unkind
And it's cruel if you say that you'll go all the way
I can't wait for the day that you don't change your
And it's cruel if you say that you'll go all they way
I can?t wait for the day that you don't change your mind
That you don't change your mind
