Superfly

The Flys

Advisory - the following lyrics contain explicit language:

In those days I rode on the back of you
Stealin' what I can
In no time I found out the answer was
Doin' what you canAnd the crew you ran around with
Really, really made the band
And the road you set me on
Made me what I amFeed superfly
Come on come on
Superfly
He's just that kind of guyIn those days I rode on the back of you
Kissin' all that ass
In no time I found out that the answer was
Ass, gas or grassAnd the crew you ran around with
Well it really made the band
And the road you set me on
Made me what I am, come onSuperfly, superfly
Superfly, superfly
Yeah, go crazyGod bless you all
We love you
Martin, Martin
Superfly
