sulking and bulking a half
sulking a laugh crash test
figure the mixtures digging up his last breath
grief leaf thief briefly turned chieftan
the tapwaters on the waters off the waters leaking
so this is blue
my frame reportedly spotted garden variety burners and lost to normalcy
my terms the memoir obligation in the boodoir crystalize impurities to zero on the autograph dirty characters sponges hunches hurling murder abundant lunches with the city suppers punching (hurdling) tomorrow since I sit in consquence merging brings to bubble up along the edges of precious child fantasy broken hi, my name is hazardous tobaccanist im on the brink im purgin dirt and spit my lung in the sink as for the product well its drenched in a barren backward wasteland of shimmering moral tension and venturing the plaza pleasant i saw it all from pixie dust to crepid pins and voodoo dolls and 99 dreams later the shooting gallery wall its like not a wave crash similar to last or next heckle me not already doctored by regrets gray rain beligerant fragments bomb acid ushering the pixels till the image burned classic bliss in a barrel and motivation in a basket ima cast it out to sea and wait for my comma to grasp it I left my crutch over the rainbow with my riches and I know the rat race of the bad taste once his grimmace cringes an iron butterfly will float if given good condition but im still fisihing the same worm from the same faulty posistion prosperity
im tryin to walk alone and miss the bliss inide the accidental meeting of the pencil and the ceiling and the censures started meeting breathing at a rappid calibur at that a line so gray will last forever more dusting off the dreams to be an autopilot still a silent understudy funny how the opposite will throttle and the different stroke and model to the prison is innacurate portrayal of an addequate betrayal of a wish gonna wanna coulda shoulda woulda did it isnt it amusing choosing and a plan of
