Frontlines

Teddy Thompson

Been away a long time
Come home to ruination
Smoke swirls in blue sky
The mourning of a nationStick around if I dare
Or move out to the country
But living in the sticks won't
Save you from what must beKeep me from the frontlines
I'm no match for them
Cowardice in wartime
Hear my prayers, AmenGo ahead and see
What happens to meKeep me from the frontlines
I'm no match for them
Cowardice in wartime
Hear my prayers, Amen
