

Keep It Goin'

Heavy D & The Boyz

"And I am MC Heavy D." {*scratched 3X*}(Heavy D)
The Heavster, measure the pleasure then treasure the note
that I wrote, and you can quote, flow like I row like a boat
 Takin a stand, don't need a hand
The man in command did Soul Train, next American BAND-stand
 An Overweight Lover discover, no other brother can smother
 If I ever fell I'd bounce back like rubber
 I'm rough and tough, all that stuff, call my bluff
You can't enough of Mr. Big Stuff, let it flow" And I am MC Heavy D." {*scratched*}
 Let it flow. let it flow.
 "And I am MC Heavy D." {*scratched*}
Let it flow. You get your rhyme from a hag bag, you thief from Baghdad
 You're soft as a sandbag, throw your rhyme in a Glad bag
 The way that you act like, as if you had mic fright
 It seem that you're not bright, now I'ma do it right
 Get used to a back mark, Lover my trademark
 You're just like a hush puppy - no bite, all bark
 You move when I say so, I flow when the wind blows
While I'm rippin and strippin you be peakin through a window
 Definitely for action, voted for Jesse Jackson
 Instead of laggin we coulda been passin
 Eddie F on the fade mix, the Boyz with the dance tricks
 Dre with the management, Heav' D with the lyrics
 Who said that I ain't dope, you're walkin a tightrope
 You're livin for high hopes, I wonder what you smoke
 Didn't come here to tip-toe, I came here to rip so
grab your partner, dosey-dos. and let it flow" And I am MC Heavy D." {*scratched*}
 Let it flow. let it flow.
 "And I am MC Heavy D." {*scratched*}
Let it flow. Eddie F, breakdown! {*scratching: "DJ Eddie F"*}
 Breakdown, break down like this!
{*scratching: "DJ Eddie F"*} "And I am MC Heavy D." {*scratched*}
"And I am MC Heavy D." {*scratched*} All rappers we remain the same, we try, we strain
 But still some complain about the fame that we obtain
 But I'ma refrain it's insane cause I'ma still gain
 You want what's good, but can you stand the rain?
 We think hard for what we want, then work harder to get it
 But you're too busy tryin to diss us, that's why you forget it
 Appreciate what you did, and I hope you keep doin it

But stop riffin, because you just might ruin it
For me, for you, for you and for me
Two wrongs never make a right let's keep good company
You're welcome any night to come on my stage
because divided we fall, together we get PAID" And I am MC Heavy D." { *scratched* }
So, let it flow. G-Wiz let it flow
"And I am MC Heavy D." { *scratched* }
T-Roy it flow, Pete Rock let it flow
D.O. let it flow, Nick T let it flow
Eddie F let it flow. { *scratches by Eddie F to end* }
