## ASTROID BOYS

(Traxx)

i binn about grime bars from the 'start'  
they were talking expensive cars,  
i was talking about my farts, but still going hard for a laugh,  
and raves it was always footsie Ard,  
i remember he passed me the mic like, little yellow man oh man set it alight,  
he was like safe i was like vibes,  
split it, we done did it. don't act like you didn't want to fidget.  
labels are like, we didnt want to enable tunnel vision, i was like how dyou make a living,  
he started grinning i left the room chair SPINNING,  
and i still do this for a living, now im looking at this what i live inn.  
how did i lift up this what im given.  
i wasn't given anything in the beginning  
at the beginning i didn't have any women,  
at the beginning i was taking out bins for a shilling looking in the mirror like err minging. Look at us now  
Yeah you know we are about,  
When the only ways up.  
Don't let gravity get you down,  
Yeah you know what we are about  
Yeah you know that we spit grime,  
Bars bring all the ladies inn But my bars make all the mandem spin(Traxx)  
wow look at me now.  
i couldn't give a f\*\*k like i did back then,  
when i was in school and you were that cool,  
i was fat chubby with my mustache friend  
and i couldn't grow a mustache then,  
i was doing jackass at the back of the class they called me an asbo,  
handful, now im on top of the world with a worldafull my booty shaking(Benji)  
All the bad girls come to Ben  
like they've miss heard there parents say go to bed  
before me and Phil were like right sed Fred,  
fuck foreplay now we go right to \*\*\*\*  
No ego it never goes right to my head,  
if i disappear them man will right to a friend.  
im a stay here and fight to the end, im a hero,  
watch how i light up a set.  
light up the room, i does how i do no body to prove to nobody to move to,  
i do me why don't you do you, no body can move you its obvious you knew,  
we X rated like a tape is, with chick in the nude getting educated,

Im getting this cake inn,coz girls wanna drink champagne, pop goes the pain,  
droplets of rain conscious but i wont remember her name  
she plays her game i play her topless but i wont remember her frame,Look at us now

Yeah you know we are about,

When the only ways up.

Don't let gravity get you down,

Yeah you know what we are about

Yeah you know that we spit grime,

Bars bring all the ladies inn But my bars make all the mandem spin(benji)
