Hideaway

Hudson Taylor

When I'm with you alone
I keep complete control
I wanna tell you how I feel
and when it comes to it I don'tAnd all of that's about to change
The truth is buried in my veins
Deep down I let the feeling grow
And now I'll spell it out in boldNo hideaway, no hideaway
Just words I wanna say
Words I gotta say
I'll watch you break
I'll bring you pain
I'll say it to your face
No hideawayBut when you're with me alone
I wonder do you keep complete control
And do you tell me what I want to hear
And keep your secrets stowed
And everythings about a change
The truth is buried in our veins
Deep down i let the feeling grow and now I'll spell it out in boldNo hideaway, no hideaway
Just words I wanna say
Words im gotta say
I'll watch you break
I'll bring you pain
I'll say it to your face
No hideawayAnd everything is about to change change change
This is what im trynna say say say
Everything is about to change change change
Listen what I'm trynna say say
Deep down I let the feeling grow
And now I'll spell it out in boldNo hideaway no hideaway
Just words I wanna say
Words I gotta say
I'll watch you break
I'll bring you pain
I'll say it to your faceNo hideaway
No hideaway
