Walking Down the Hill

Travis

Walkin' down this hill tonight
I had a thought all to myself
As I contemplated the moonlight
We've got it all, we've got it made
I don't know how I got here
But I'm holdin' on for the crashPull myself out of the moon
I know I'll never go there but
It's shinin' down from up on high
We got it made, we got it made
I don't know what we gotta make
Sooner or later lay downWe're apart, go to pieces
Why not go to sleep?Look into my heart, oh baby
Don't become a part of the past
You can be a part of the keep
Don't turn away, don't run away
Don't leave me hangin' by a thread
Shine a little love down on meWe're in love, make your peace
Wastin' time is all you needWalkin' down this hill tonight
I had a thought it was my own
Moon swept by the clouds and save the starlight
Or shall I be or shall I not be
I don't know I just don't
Feel like it tonight
