Going Home

Patrick Cowley

Going home
Leave your troubles far behind
Going home
Far beyond all space and time
We're on a journey to parts unknown
We're gonna take you along
Going home
Come on I wanna take you home

Going home
Leave your troubles far behind
Going home
Far beyond all space and time
We're on a journey to parts unknown
We're gonna take you along
Going home
Come on I wanna take you home
