

Smile

Dzihan & Kamien

Today...

Every morning I wake up
I hear clock the clock ticking away, ticking away, ticking away

Today, sunny day - in my heart, everyday, sunny day

No rain is falling down my face again
I will let no rain fall down' my face again

'cos I feel like...
'cos today is like...

So I smile
So... So I smile

'cos I feel like...
'cos today is like...
