

Infatuated

SisqÃ³

Yo, I'm a show em how we do like this like this like this I like that
Like this like this like this yeah I like that come on come on

Infatuated by the famous Mr. Bling
Intoxicated by the energy inside me that I ain't goin' do that cool
I thought the dragon would never see the day
Wen the east coast the west coast the south all
In together on a common thing infatuated

[Chorus]

Some people say we're worthless 'cause we never front around my way
Infatuated
Found a way to get crunk we don't tippy toe
We stomp my way 'cause I'm from Baltimore
And you know that the dragon don't play
So from the jump to the middle when I'm pump we gonna give you want you want
Wardie

Associated with the ballers down the hill
We like the ladies with the I don't give a-attitude
Shorty rock those heels and I can't go for that
And know that you can't go far for that and if you say you want to roll roll
Roll roll

[Chorus]

Like this like this like this
Show em how we do it some on like this like this like this
Yo do than thing again

[Chorus x 2]
