Slow Motion

Ksm

Texting my friends, got to get the day planned
Get up on my feet, places to go, people to see
Kick it at the mall, get to rehearsal
J-j-jam some new tunes, I gotta run, so much to do
I like my world spinning just a little too fast
But now I'm in a classroom twirling my hair
Just waiting for the time to pass
Stuck in slow motion watching time go by
Minutes feel like hours, no end in sight
Slow motion taking over me, I don't wanna chill
How can I sit still when I know the world is waiting?
Eleven missed calls, another shade of lip gloss
Record a new song, color my hair, answer the phone
He's asking me out, I'll have to think about it
Now I'm running late to, yeah, I gotta rush, no time to waste
I like my world spinning just a little too fast
But now I'm on a freeway doing fifteen
In the middle of a traffic jam
Stuck in slow motion watching time go by

Minutes feel like hours, no end in sight
Slow motion taking over me, I don't wanna chill
How can I sit still when I know the world is waiting?
Look ahead 'cause that's where you'll find me
You know I get bored easily
Too much to do, to do nothing
I'm always in a rush to do something
We get all dressed up, show up at the club
The line's around the block and we're stuck in
Slow motion watching time go by
Minutes feel like hours, no end in sight
Slow motion taking over me, I don't wanna chill
How can I sit still when I know the world is waiting?
Slow motion watching time go by
Minutes feel like hours, no end in sight
Slow motion taking over me, I don't wanna chill
How can I sit still when I get a little crazy?
How can I slow down, I don't really know how
When I know the world is waiting
