By the Way

The Sunstreak

I think about the way that you made me feel that day
And I'll never forget all the things you said to me, oh no
I tried to find the light of the sun of another way
And I'm hoping the end it'll set me free, woah no
'Cause I've been trying to find the time to tell you
This is my last good bye to you
You and I can find our way to the stars now, if you take my hand
If you take my hand
You wonder why I fell off the face of the twisted Earth
But it's clear enough now that I'm gone
I'm gone
I never should have taken the chance to prove my worth
But it's feels so right knowing you were wrong
You were wrong
'Cause I've been trying to find the time to tell you
This is my last good bye to you
You and I can find our way to the stars now, if you take my hand
And there's a feeling that I get when I touch you
It can't compare to anything
But all the while I was so wrong about you
I was wrong againAnd don't save me
Yeah, yeah, yeah
'Cause I've been waiting for the right time to tell you
This is my last good bye to you
You and I can find our way to the stars now, if you take my hand
'Cause I've been waiting for the right time to tell you
This is my last good bye to you
You and I can find our way to the stars now, if you take my hand
And there's a feeling that I get when I touch you
It can't compare to anything
But all the while I was so wrong about you
I was wrong again
