Planet Trash

Sham 69

Adevrtise, go get them kid
The new sunrise, did you see what they did
Advertise, go get them kid
Spin the world crazy, I'm a boom bang babyCome on watch this now and try to remember
Try to rememberYeah lift off time we're gonna shine shine shine
Lift off time we're gonna shine
Lift off time we're gonna shine shine shine
ShineThis is planet trash
And you can have it if you've got the cash
Get to stay up every night, see it on the satellite
Planet trash has got the vision and powerFamily logo, it's a get up and go go
Home on the range
With the fresh and the tamed
Furniture people, wallpaper minds
Sit down shut up, we've all got the time
What's the timeWatch this now and try to remember
Try to rememberLift off time we're gonna shine shine shine
Lift off time we're gonna shine shine shine
Lift off time we're gonna shine
ShineThis is planet trash
And you can have it if you've got the cash
Get to stay up every night, see it on the satellite
Planet trash has got the vision and power
