

Freddy's Lullaby

Random Encounters

Hi there I'm Freddy!

Wanna come and play?

I think you're special in your own way.

I'd love to sing a song with you, it's my favorite thing to do cause I love you through and through.

Come play with Freddy, play the night away!

All Freddy's friends have come here to say, We'd love to sing a song with you, it's our favorite thing to do
cause we love you through and through
