All Or Nothin'

Great White

I give it all or nothing
I give it heart and soul
I give it all or nothing yeah
'Cause that's the way I roll

Well I'm walking tall yeah my head held high my feet they hardly touch the ground
And I'm a man who knows just what he needs I'm the baddest man around
I need an uptown lady who'll touch me with a velvet glove
Yeah when everything's crazy I'm feeling fine I give it all I got I take it to the nines
I'll give it all or nothing I give it heart and soul
I give it all or nothing yeah 'cause that's the way I roll

I'm dying to live yeah living to die honey listen to me sing the blues
No no you can't judge me until you've lived my life till you're walking in my shoes
Seems like the world's gone crazy maybe it's a sign of the times
Don't mind you getting yours as long as I'm getting mine only feel alive when I'm crossing the line
I give it all or nothing I give it heart and soul
I give it all or nothing yeah 'cause that's the way I roll

I give it all or nothing I give it heart and soul
I give it all or nothing yeah 'cause that's the way I roll
I'm the baddest man around

I need an uptown lady who'll touch me with a velvet glove
Yeah seems like the world's gone crazy
It's all right 'cause only feel alive when I'm crossing the line

I give it all or nothing
I give it all or nothing yeah 'cause that's the way I roll
I give it all or nothing I give it heart and soul
I give it all or nothing yeah 'cause that's the way roll
I give it all or nothing I give it heart and soul
I give it all or nothing yeah 'cause that's the way I roll

Well that's the way I roll
That's the way I roll
That's the the way I roll that's right
