

# In for a Kill

**Tarja**

Where do you go from here?  
It's dragging you under  
Nothing could be more clear  
When you are the hunter  
Is that a dream to die for?  
A prize You keep it  
Out of the light  
Nothing can shine  
Left in the dark  
Far from their eyes  
Under black water  
There is no halo  
Only the hunger  
And you're in for a kill You and your twisted minds  
It's making us shiver  
How can we be so blind  
The fear you deliver  
It's all a grand illusion  
A trick You keep it  
Out of the light  
Nothing can shine  
Left in the dark  
Far from their eyes  
Under black water  
There is no halo  
Only the hunger  
And you're in for a kill
