

Walking With Jesus

Spiritualized

I walked with Jesus and He would say
"Oh you poor child, you ain't coming with me, no way"
He found heaven on earth, He's gonna burn for your sins
But I think I'll be good company down there with all my friends
Well, I got around to thinking 'bout what Jesus
said to me
'Cause if Heaven's like this then that's the place for me
Long, long time between now and my death
And I gotta have my fun so I've chosen what's best
Well, here it comes
Here comes the sound
Here it comes
The sound of confusion
So listen sweet Lord, forgive me of my sins
'Cause I can't stand this life without all these things
I know I've done wrong but I'm in heaven on earth
Know I've done wrong but I could have done You worse
Jesus, please meet me at the center of the earth
'Cause these wings are gonna fail me and I could've done You worse
Well, here it comes
Here comes the sound
Here it comes
The sound of love
The sound of love
The sound of love
