(Intro)
I-I-I-I'm alri-i-i-ight
Tonight I-I-I'm alri-i-i-ight babe
(Verse)
More breeze in your hair hun
It's the one that your blick took her chance on
Damn should've have shacked breeze with the champion
Looking for my nigger my feast is the phantom
Phantom this is that young bitch Lil Keke
I needed a plumb with the cheeky
Chill with some fillers from end the shikies
I'mma get 'em get 'em so come hit the repeat
(Chorus x2)
Baby about it
Baby you know
Can I turn you out here
Can I turn you on
Tell me now what is your fantasy
Can I hear about it
Tell me what you love
(Verse)
Hey yo mister come whisper
Hey what's your sign, tell me brother she into
We can make your ex girl ruin her lil pants
Taken off your wish here can you feel-feel this
I'm the type of girl yo mama won't job out
Stop fucking with your head, blow your brains all out
Tell me you like, yeah I'm right back here
Even when you go, make your head turn back now
Not vanilla we're cinnamon sticks they'll be killing bitches
I'm on my liquorish shit 'til the niggers diggie it stiff
Like Agamartis, riga-rigamortis tipi tipi on his neck
You can take faster no waste in these
Check her dipping out the sea with a mermaid please
Stiff a lip I bit harder I'm right under this tree
So let's all yell now what's your fantasies

(Verse)
Everybody got though

I've been bad you know
I-I I'm trying to give back that toy
I can't have you know
Al-Alright
(Chorus)
Baby about it
Baby you know
Can I turn you out here
Can I turn you on
Tell me now what is your fantasy
Can I hear about it
Tell me what you love
(Bridge)
I'mma search you I'm going out of mind
I'm a lady that's even my pride
But do you know mine all the night
I ain't even gon' be the light
Boy atleast stay on my mind
Can I wet you up
Baby you know
Am I sexual enough
Can I wet you up
I ain't even gon' even lie
I don't wanna play with your time-time
Tonight
Alright Alright
Alright, tonight, ahaaa
(Chorus x2)
Baby about it
Baby you know
Can I turn you out here
Can I turn you on
Tell me now what is your fantasy
Can I hear about it
Tell me what you love
