

A Beautiful Zombie

Zombie Sam

You have to choose, don't be confused, be proud of your creation
Your heart is mine, don't blow your mind, forget the hesitation
You have the right to feel like God, be free from liberation
It's finally done, waiting no more, this probably gone to rule up all your world

What is going to be?
The pleasure soon will live!
The master of your dreams!
Waiting sucks! Waiting sucks!

All of you're gonna see!
I'm sure that you'll never believe!
The fantasy I'm going to bring!
Waiting sucks! Time is shit!
Head explode!!
Heart implode!!
Clock is stuck!
Tic-Tac!!

There's something wrong, humanity is gone, what a funny situation
The shadow grows, home sweet home, this night is a vocation
This is my science, through the fire, my own undead nation
The nightmare is true, I feel like a fool, tomorrow will rise a bloody new moon

What is going to be?
The pleasure soon will live!
The master of your dreams!
Waiting sucks! Waiting sucks!

All of you're gonna see!
I'm sure that you'll never believe!
The fantasy I'm going to bring!
Growing up!! Dirty stuff!!
Clock is fucked!!
Full of wrath!!
Tic-Tac!!

Missing by day! Missing by night!!

I Don't know why I don't have any time!

What is going to be?
The pleasure soon will live!
The master of your dreams!
Waiting sucks! Waiting sucks!

All of you're gonna see!
I'm sure that you'll never believe!
The fantasy I'm going to bring!
Waiting kills!! The time cheats!!

What is going to be?
The pleasure soon will live!
The master of your dreams!
Waiting sucks! Waiting sucks!

All of you're gonna see!
I'm sure that you'll never believe!
The fantasy I'm going to bring!
Time is freak! Waiting slips!
What is done is done!!
Clock is dead!
I don't care!!
