

Fame (What She's Wanting)

[SR-71](#)

Fame's what she's wanting
Not a face in the crowd just a disposable pop star
Staring down from 30,000 feet above the planet
She gets the sense nothing's behind her anymore
Her quest for fame has left her nothing short of a fanatic
For the chance to be the one that we adore
Fame's what she's wanting
You can't go too far
(When that's who you are because)
Fame's what she's wanting
Not a face in the crowd just a disposable pop star
They called her princess
'Cause they always knew she'd be a servant
Never having an ambition in her life
They all knew she end up just another loser's girlfriend
Who'd a thought she'd become a Jedi Knight
(Bittersweet the taste of)
Fame's what she's wanting
You can't go too far
(When that's who you are because)
Fame's what she's wanting
Not a face in the crowd just a disposable pop star
Pop star
Pop star
Fame's what she's wanting
You can't go too far
(When that's who you are because)
Fame's what she's wanting
Not a face in the crowd just a disposable pop star
Fame's what she's wanting
You can't go too far
(When that's who you are because)
Fame's what she's wanting
Not a face in the crowd just a disposable pop star
Pop star
Pop star
