Lay Your Money Down

Bread

Put your cards on the table
Gotta lay your money down
Show your heart if you're able
Gotta lay your money downI've waited long enough
This time I'm gonna call your bluff
And see what you got
And what you been keepin' from meGirl, if you really mean it
Put your lovin' on the line
'Cause if I've never seen it
How am I gonna know it's mineBaby, I'm through
With nothin' but talk from you
Gotta lay your money downAll these moves you been makin'
Like a game of keep away
I've had all I'm a-takin'
It's catchin' up to you today'Cause baby, I'm through
With nothin' but talk from you
Gotta lay your money down
