

# Weight of the World

## Black Rebel Motorcycle Club

This is more than I wanted  
Take me out of the dark, I roam there  
Cold and black, you're out of touch, yeah  
Lightly falling in a whisper, you're scared It's the weight of the world, I know  
As I struggle to be whole  
It's the weight of the world, I know  
As you were mine and we will find This is stranger than love or loss  
Turning backwards you face the dawning  
No excuse for a wasted life  
Lightly falling through a whisper of sky It's the weight of the world, I know  
As I struggle to be whole  
It's the weight of the world, I know  
As you were mine and we will find Time will change, still the world remains the same  
Time will change, still the world remains the same It's the weight of the world, I know  
As I struggle to be whole  
It's the weight of the world, I know  
As you were mine and we will find
