Advisory - the following lyrics contain explicit language:

I've been searching a long time  
For a girl just like you  
When I saw you, I could tell then  
All my dreams had come true  
You came a-cruisin' into my life  
I was ready for a change  
I knew you were a hot girl  
So I asked your name You said it don't matter  
Take me with you tonight  
We'll hit the town and we'll party  
Make sure I'm home before light So we went cruisin' together  
We had one hell of a time  
That lady and I tore up the town  
You know she blew my mind  
We hit all the night spots  
You know the music was intense  
Lights reflected in her eyes  
In the room the smoke was dense I took her back to my place  
You know she felt just fine  
I started coming on to her  
In seconds she was mine  
Morning sun shone in her hair  
You know she sure looked wild  
I could really tell then  
She was a Hot Child Make sure I'm home before light
