

# We Only Read The Headlines

## Lazyboy

You can cut to the chase  
And you know its okay  
'Cause we only read the headlines  
We only read the headlines  
Baby get to the point  
And quit the foreplay  
We only read the headlines  
We only read the headlines anyways  
54 percent of bank robberies take place on a Friday  
Women blink nearly twice as much as men  
Elvis never ever gave an encore  
The number of wars fought between countries  
That both have at least one McDonald's is zero  
Every 5 minutes an area of rain forest  
The size of a foot ball field is eliminated  
Women who read romance novels  
Have sex twice as often as those who don't  
Did you know? That a can of Diet Coke will float in water  
While a can of regular Coke will sink  
The Muppet Show was banned from TV in Saudi Arabia  
Because one of its stars was a pig  
Males on average think about sex every 7 seconds  
More than 50 percent of the people in the world  
Have never made or received a telephone call  
Syphilis has risen 500 percent in the last six years in Europe  
Why is it that everybody seems to get older except for Cliff Richard?  
You can cut to the chase  
And you know its okay  
'Cause we only read the headlines  
We only read the headlines  
Baby get to the point  
And quit the foreplay  
We only read the headlines  
We only read the headlines anyways  
1 out of 10 girls under 20 is carrying Chlamydia  
According to several sources, Dr. Harvey Kellogg  
Actually tried to make a cure for masturbation when he made cornflakes  
Women are 30 percent more sexually active during a full moon

Indonesia is the country with the highest Scout membership  
In every single episode of Seinfeld, there's a superman  
In at least one scene somewhere  
If you weighed all the animals in the world  
Hens would be 10 percent of the total weight  
In Minnesota there's a law against men having sex with living fish  
Jimmy Carter can read 2000 words per minute  
Humans and dolphins are the only species  
That have sex for pleasure  
Danny DeVito is taller than Dolly Parton  
You can cut to the chase  
And you know its okay  
We only read the headlines  
We only read the headlines  
In the papers on the news  
Heaven heard is no excuse  
In formations everywhere  
All you need to know is right here  
It's possible to attend your own funeral  
Because the human brain continues  
To send out electrical wave signals  
For up to 37 hours following death  
We only read the headlines  
We only read the headlines  
We only read the headlines  
We only read the headlines  
You can cut to the chase  
And you know its okay  
'Cause we only read the headlines  
We only read the headlines  
Baby get to the point  
And quit the foreplay  
We only read the headlines  
We only read the headlines anyways
