

In Your Memory (24/48 PCM Stereo Mix)

Depeche Mode

Put up the barriers
Shut down your senses
Cover up with all of your pretenses
See no evil
Your eyes are blunted
We are the hunters
We are the hunted Place it in your memory
Leave it in your past
But don't forget Taking a tumble
I'm taking a dive
Sometimes I stumble when my mind's made up
Reaction levels
Seem strangely muted
Ordinary acts of fun have been diluted Place it in your memory
Leave it in your past
But don't forget
