

Quart in Session

NOFX

It's funny how
Nothing seems much fun anymore to me now
That I quit the drink 'Cause soberness
It might be what I need
But it's certainly not how I wanna be 'Cause nothing seems much fun anymore to me
Consequence
Never had anytime to think about
What shoulda coulda happen to me
The common sense
My parents said I never had any
But now look whose got the dough
Nothing seems much fun anymore to me
Don't feel like goin' out
Nothin' worth singin' about
Missin' the alcohol
No longer born to lose
Put away my party shoes
Missin' the alcohol
Without tonic an' gin
Without no vicodin
Nothing seems much fun anymore to me
Nothing seems much fun anymore to me
Nothing seems much fun anymore to me
...
