

Mudvayne

Losses, losers and more gain of life's pleasures
Cohorts listen behind the doors
To a life shot again less than to move in me
All my walls falling down pains aloft misery
I'm sure that the lessons were learned
I'm sure that the punishments went well deserved
By the pawn in the plan taste the shit bitterness
Walk from me everything systematically
Come on, come on, you were the one, you were the one
Dredge up shit inside of me in my pointless life of nothing
Tell me, what I'm supposed to be?
Tell me, who I'm supposed to be?
Tell me, what it takes to ascend?
Tell me, what it takes to live?
Patience, pleasures and rewards, come in due time
Stare at the sun I'm bored
In a life meaningless soaking up all of me
Like the cross you worship, life is loss look at me
I'm sure that some day we'll wake up
I'm sure that some day we'll wake from the dream
Of success and focus tunneling to the light glowing
Deep inside of me your taunting, I wake up
Come on, come on, you were the one, you were the one
Dredge up shit inside of me in my pointless life of nothing
Tell me, what I'm supposed to be?
Tell me, who I'm supposed to be?
Tell me, what it takes to ascend?
Tell me, what it takes to live?
Tell me now! Tell me now!
Pain, misery, distress, dismal know
Where depressed idiot failure in me
Loser, loser in me who I am, loser in me
Don't feel sorry, don't feel sorry for me
Don't need your sympathy or empathy
Don't need your sympathy inside of me
Don't need your sympathy or empathy
Don't need your sympathy inside of me
Don't feel sorry, don't feel sorry for me
Come on, I know you were the one, you were the one

Numb to feelings inside of me, why I've seized my vision?

Don't need, you to tell me who to be?

Don't need, you to tell me what to be?

Don't need, you to tell me how to ascend?

Don't need, you to tell me how to live?
