You know this ain't no comedy like Benny Hill
Guns that sings like Lauryn Hill blood spill from now until

Lyrically everyone gangsterin', but who wanna take it to the streets, nobody answerin'
Bullets to your brain like aspirin, the art of war we did master it
We got arms like George Bush, heart like Bin Laden
Projects and schemes of Jamaican we been trodin
Murder, extortion, kidnappin', bribery, drug money launderin',
Alice and Steve keep wonderin'
How some pussy can't move we, we shoot like a video or a movie
Bloodbath no, blood jacuzzi

Beretta, calico, Uzi, make big man a scream like Susie
We very spooky, our war never marginal, so if a nigga try diss Kardinal
Leave and return like the prodigal
Finish everybody and finish everybody gal, ha ha!

Everybody gone gangsta nigga, gangsta, everybody gone gangsta (Gangsta)
