

# Eat the rich

## Sikk

I've been down, I've been beat  
I've been tossed into the street  
Making nickels, begging dimes  
Just to get my bottle of wine  
Some say life, she's a lady  
Kind of soft, kind of shady  
I can't tell you, life is rich  
She's no lady, she's a bitch  
They suck my body out  
But then, there is no doubt  
Gonna pay the devil his dues  
'Cause I'm so sick of being abused  
    Eat the rich  
    (The rich)  
    Eat the rich  
    (The rich)  
Don't you know life is a bitch?  
    Eat the rich  
    (The rich)  
    Eat the rich  
    (The rich)  
Out of the palace and into the ditch  
    Steal my money, steal my car  
Took my woman and an old guitar  
    Running crazy, running wild  
    Fire in my eye  
Just can't fight the temptation  
    It's become my inspiration  
    Gonna get myself an axe  
Break some heads and break some backs  
    They suck my body out  
    But then, there is no doubt  
    Gonna pay the devil his dues  
'Cause I'm so sick of being abused  
    Eat the rich  
    (The rich)  
    Eat the rich  
    (The rich)  
Don't you know life is a bitch?

Eat the rich  
(The rich)  
Eat the rich  
(The rich)

Out of the palace and into the ditch, don't stop me

Eat the rich  
(The rich)  
Eat the rich  
(The rich)

Don't you know life is a bitch?

Eat the rich  
(The rich)  
Eat the rich  
(The rich)

Out of the palace and into the ditch

Eat the rich  
(The rich)  
Eat the rich  
(The rich)

Don't you know life is a bitch?

Eat the rich  
(The rich)  
Eat the rich  
(The rich)

Out of the palace and into the ditch

Out of the palace and into the ditch

They suck my body out
