Someone Loves You Honey

Charley Pride

I'd like to share my life
Every moment, every day and night
And I want you to know
That whatever you do and wherever you goRemember, someone loves you, honey
No matter what, I just want you to be my girl
Someone loves you, honey
More than anything in the worldI'm so glad I'm the one
That you came to when you needed someone
That's what my love is for
It's a shoulder to lean on, a port in the stormRemember, someone loves you, honey
No matter what, I just want you to be my girl
Someone loves you, honey
More than anything in the world
