

# Down Among the Sheltering Palms (#2)

## The Boswell Sisters

I'll be there  
Honey wait for me  
Oh you darlin'  
Down among the sheltering palms  
Down among the Sheltering palms  
Honey wait for me  
Honey wait for me  
Keeping waitin' for me  
Knee deep down by the old Golden Gate, mmm  
Out where the sun goes down about eight  
How my love is burnin' burnin' burnin'  
How my heart is yearnin' yearnin' yearnin'  
To be down among the sheltering palms  
Honey wait for me  
I'm lonely  
Sweetheart I'm oh so lonely  
Just thinking, just thinking of you only  
My life's been dreary  
Darling, oh so dreary  
When we parted my life started  
Started into be nothin' but the blues  
Oh, oh I want you  
I always want you near me  
I need you  
I need you can't you hear me?  
Night time is fallin'  
My heart keeps on callin'  
Honey, darlin' won't you wait for me, oh  
Honey, wait for me  
Down 'neath the palms  
I'll be there  
Honey wait for me  
Oh you darlin'  
Down among the sheltering palms
