

# Katie

## The Wild Young Hearts

Katie likes to run around  
In cotton panties and a crown  
She driving all the boys insane  
Suckin' on a candy cane  
She likes to play the tambourine  
Her favorite color's army green  
She's a vegetarian  
She's a lovely loaded gun  
Katie has a way  
Of seeing things  
That everybody else  
Is just afraid to dream of  
It's funny how it seems  
But when you look at her  
I swear, you see love  
She wears diamonds oh her toes  
She lets her belly button show  
She puts perfume in her hair  
You don't look at her, you stare  
Katie has a way  
Of seeing things  
That everybody else  
Is just afraid to dream of  
It's funny how it seems  
But when you look at her  
I swear, you see love
