Opening Door

Aviatic

Would somebody please tell me which way to go....
Show me cause I just don't know anymore....
I have already walked this road before....
Still I believe there must be something more....
And I watch as you open the door
to the outside world...

Whats inside of me
I can not breathe....
What is meant to be....
Show me please....

I have spent to much time down here below..
Never remembering what I've been told..
Always desiring more than I own
wanting it all before I am to old...

And I watch as you open the door...
To the outside world....
What's inside of me
I cannot breathe....
What is meant to be
Show me please....

What's inside of me
I cannot breathe...
(I can't breathe)
What is meant to be...
Show me please....
(Show me please..)

What inside of me
I cannot breathe
(I can't breathe)
What is meant to be...
Show me please....
(Show me please....)
