Suffocate

Staind

I feel nothing
Longing for something
Lie in bed to take your clothes off
Show me what you're made of
Just to soothe me(All alone)
Leave me here I'm dying
(All alone)
Just kicked me in my face(All alone)
All alone and crying
(All alone)
I suffocateI'm not gifted
Slightly twisted
Try hard try hard
To see if I can push you any further
Just to soothe me(All alone)
Leave me here I'm dying
(All alone)
Just kicked me in my face(All alone)
All alone and crying
(All alone)
I suffocatePlease believe you'll save me, rearrange me
I can feel your feelings running through me
Take away my sorrow my tomorrow
Heal me(All alone)
Leave me here I'm dying
(All alone)
Just kicked me in my face(All alone)
All alone and crying
(All alone)
I suffocateI'm suffocating
Suffocate (come suffocate)
